Vehicle must be currently registered prior to authorization of Year of Manufacture license plates.

An original plate shall meet the following criteria in order to qualify for use as a Year of Manufacture license plate:

- The plates were made at least thirty years prior to registration.
- The plates are embossed with the year of original issue
- The plates are legible
- The plates were issued with the year of manufacture of the vehicle upon which they are displayed
- The plates do not exceed seven characters
- The Department will not manufacture plates for this process. The owner is responsible for providing the original plate

Year Embossed on Plate	Plate Number
------------------------	--------------

The Year of Manufacture license plate shall be used exclusively for:

- Driving the vehicle to and from assemblies, conventions, other meetings, or occasions where such vehicles and their ownership are the primary interest.
- Demonstrations, parades, and when their operation on the street and highway will not constitute a traffic hazard.
- Traveling to and from and while on local, state, or national tours held primarily for exhibition and enjoyment.
- The vehicle for which it was authorized (authorization must be kept in vehicles at all times).

I hereby acknowledge that the Year of Manufacture license plates I have been authorized to use shall not be used for any purpose other than those outlined above.
